

JOIN THE SABES JCC FIREFLIES

The Fireflies is an **Assisted** Special Olympics Team. Each athlete, regardless of ability, is encouraged to participate while assisted by the supports necessary for a positive experience.

Atheletes can choose to participate in track, bowling, and/or swimming.

Many of our athletes are accompanied by personal support staff (who they know and who understand their needs). Many of our athletes require physical supports such as wheel chairs, walking devices, transfer belts, helmets, swimming vests, etc.

The Sabes JCC Fireflies emphasizes personal accomplishments and skill enhancement. Being a Fireflies team member is an opportunity for those with intellectual and physical disabilities to learn, enjoy and benefit from participation.
