Metro Area Athletic Association

2013 Flag Football State Champs!

For the first time since the Metro Area Athletic Association formed two teams, Rams Red and Rams Black, we have two Gold medal winners from the same event!

Rams Red won their first tournament as a Unified team, and they saved it for a perfect weekend, the Minnesota Flag Football State Tournament. Rams Red has worked so hard at starting over since splitting up from some of their original teammates and starting a new team. And now they're seeing it pay off. Congratulations Red!

Rams Black won their third State Championship in a row. They stayed undefeated over that period of time. Overcoming adversity was the theme for this year's team. Riddled with injuries from the beginning, this Rams team was constantly adjusting and finding a way to overcome.

In the end it was all about team. One that completely came together for the first time, and another that used its' past experiences to find a new way.

Since 2010, this weekend marked a total of 8 Gold medals for our Delegation between the two teams in Basketball and Football combined.

As always, you make us proud. Go Rams!
